TYPE 1 PERMIT: REQUIREMENTS FOR TENTS

Fee: \$54.00

- Two weeks' notice is required prior to any permit inspection.
- Tents/Canopies are required to have a Type 1 Fire Safety Permit when they are greater than 900 square feet or more than 30 feet in any dimension whether it is one unit or composed of multiple units.
- Shall be erected and secured as directed by manufacturer.
- No open flame cooking under or within 20 feet of any tent/canopy
- Flame retardant certificate must be attached to each tent/canopy
- Tent/Canopy must be properly secured to sustain severe weather conditions
- Generators and other internal combustion power sources shall be separated from each tent/canopy by not less than 20 feet and isolated from public by fencing.
- A detailed site and floor plan for tents or membrane structures with an occupant load of 50 or more shall be provided with each application for approval. The tent or membrane structure floor plan shall indicate details of the means of egress facilities, seating capacity, arrangement of the seating and location and type of heating and electrical equipment.
- A construction permit shall be obtained for heating, ventilation, or electrical equipment that requires a construction permit pursuant to the Uniform Construction Code.
- Fire Extinguishers shall be provided.
- Cooking tents. Tents with sidewalls or drops where cooking is performed shall be separated from other tents or membrane structures by not less than 5 feet.

Exceptions

1. Cooking tents are not required to be separated from other cooking tents.
2. Cooking tents shall be separated from other tents having more than 25 percent of the tent perimeter enclosed with sidewalls or drops or membrane structures with an occupant load of 50 or greater by a minimum of 20 feet.

Required to follow all applicable code requirements in the New Jersey Uniform Fire Code as well as the International Fire Code 2015, New Jersey Edition
